Titles To Go...

## Downloading Audio Books

Brookings Public Library patrons can check out and download digital audiobooks by visiting

[www.brookingslibrary.org](http://www.brookingslibrary.org) and clicking on *South Dakota Titles To Go*.

This service allows you to download up to 3 audiobooks at a time. You can also make a wishlist and place holds on audiobooks already checked out. They automatically expire at the end of the lending period, so there are no late fees.

You can listen to the audiobooks from your computer or transfer them to another device, like an iPod or MP3 player. If you have a mobile device, like an Android, iPhone, or iPad, you can download the OverDrive app, and listen to MP3 audiobooks also.
