Downloading eBooks

Brookings Public Library patrons can check out and download eBooks by visiting www.brookingslibrary.org and clicking on *South Dakota Titles To Go*.

This service allows you to download up to 3 eBooks at a time. You can also make a wishlist and place holds on eBooks that are checked out. They automatically expire at the end of the lending period, so there are no late fees.

You can read the eBooks on your computer or transfer them to another device, like a Nook or Sony Reader. If you have a mobile device, like an Android, iPhone, or iPad, you can download the OverDrive app, and read your eBooks, also.
