Volume 24 Issue 6

From My Side of the Desk

Ashia Gustafson, Director

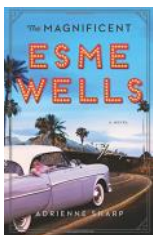

If you've been in the Library recently, you may have noticed that some of our collections have shuffled! Earlier in the year, our magazine collection moved to the north side of the building. In mid-May, the newspaper collection and seating followed so that our Young Adult collection could expand along the southwest corner of the building. Expanding the YA collection provides much needed space for books, as well as more gathering space for our teen patrons.

We held some great adult programs in May, including movie night, another escape room, a board game event, and a super successful craft night! May's escape room challenged participants to find Marion the Librarian's hidden book in 25 minutes before she returned from lunch. More than 50 participants took the challenge, and success was mixed. Keep an eye on the newsletter for information on another escape room this summer. The adult craft night for May focused on making hypertufa planting pots. Since sign up quickly filled, we've scheduled a second hypertufa class on June 11. Sign up now to claim your spot! We've got other exciting adult crafts planned this summer, including string art (June), Kumihimo braiding & Moroccan glass jar lamps (July), TP tube flowers & wire and nail polish flowers (August). Sign up is available at the Circulation Desk.

The Library was one of 50 awardees in 33 states to receive a grant from the American Library Association and PBS to

host programming for the Great American Read! We'll have a number of events, including the adult summer reading challenge, centered on PBS' 100 greatest books, so keep an eye on the newsletter for those.

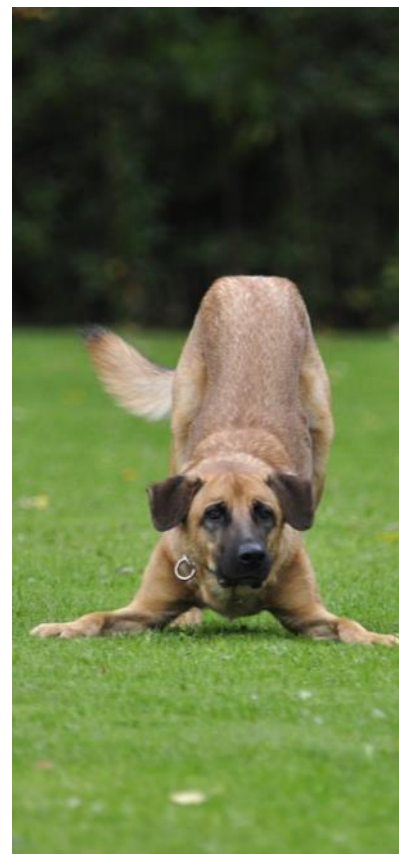

Sign up for the children and teen summer reading program started on May 29, and we're excited to host a summer full of activities that prove that Libraries Rock! If you haven't signed your child or teen up yet, you can do so at any time. We have a full summer calendar of events available at the Circulation Desk when you sign up.

Ashia's Book Recommendation: *The Magnificent Esme Wells*, by Adrienne Sharp

This book expertly explores the locales of Hollywood and Las Vegas during the 1930s and 40s. As Esme Wells comes of age with a father who is a small time gangster and gambler, and a mother who is determined to be a movie star, she channels her own ambitions into becoming a star in Las Vegas stage shows. Along with her parents, young Esme suffers tragic consequences from their ruthless pursuit of success and her own success comes at a high cost. My heart broke for Esme and the sorrow and hardships she endured, but she was a survivor and I loved her indomitable and irrepressible spirit. This well researched book with marvelous period and location detail, superb character development, and a moving plot make this a recommended read.

Bob & Shiela Everhart

Recording artists and performers for the prestigious Smithsonian Institution

On **Wednesday, June 6 at 7 pm** Bob and Shiela Everhart will present their "How Western Music Won the West" program. This entertaining musical program is about the very earliest cowboy and western songs along with the unusual stories associated with them. Not only the songs themselves, but the writers and singers of them are sometimes very funny, sometimes very sad. The Everharts spent many hours researching the origin of western music. It's fascinating, historical, entertaining, and educational, just right for an audience ready to have a good time as well as be entertained. A memory adventure to be sure, it covers times from the earliest cowboy singers right up to the days of Gene Autry and Roy Rogers. Bob and Sheila debuted this show at Apple Valley, California, in 2017, the ranch home of Roy Rogers and Dale Evans. Don't miss an opportunity to hear them bring a whole new aspect to cowboy and western music.

Game On:

Ticket to Ride, Codenames, Smash Up, Catan – we've got a variety of games available for play! Join us for game night on **Friday, June 15 at 6:30 pm** in the Cooper room! We'll have games available to choose from, or feel free to bring your own to play with a group. Check out our event on Facebook to RSVP and let us know you're coming!

MP3 Players and MP3 CD Players

You may have noticed that BPL offers some audiobooks on MP3 discs. MP3 audiobooks come on fewer discs, making them easier to listen to, and they're often cheaper for the library to purchase than traditional CD audiobooks. To play an MP3 disc audiobook, you must have a device capable of playing it. Most newer model cars work, as do most computers.

Don't have the proper device? No problem! We recently added both MP3 CD players and MP3 players to our collection. Plug headphones into either to listen to your audiobook, or pair them with an FM transmitter to broadcast the audio on your car radio. The MP3 CD players are great for listening while sitting, while the MP3 players allow you to download the book onto the player to use on the go! These, along with the FM transmitters, are available near the MP3 audiobook cards, and come with instructions for use. If you're unsure which is best for you, feel free to ask!

THE GREAT AMERICAN READ

We are pleased to announce that the Brookings Public Library is one of 50 libraries nationwide to be selected from a pool of 220 applicants to receive a grant from the American Library Association (ALA) and PBS to host programs around “The Great American Read,” an eight-part television series and multi-platform initiative that celebrates the joy of reading and the books we love.

This month we will kick off our programming on **Thursday, June 14 at 7 pm** with a showing of clips from the May 22 premier event which announced the list of 100 diverse books, encouraging audiences to read the books, vote from the list of 100, and share their personal connections to the titles. Copies of the list of books will be available at that time and voting rules and procedures will be explained. A complete list of programs planned will be available. Events include themed book discussions, a summer reading challenge with prizes, panel discussions and screening of episodes in the fall.

This event will kick off a summer of reading and voting. In fall 2018, seven new episodes will air, featuring appearances by celebrities, athletes, experts, authors and everyday Americans advocating for their favorite book, culminating with a finale that reveals America’s best-loved novel as selected by the American public.

Programming for *The Great American Read* is offered as part of a grant from the American Library Association and PBS.
